崇基學生發展綜合大樓即將啟用

A Vibrant Journey for All Chung Chi Student Development Complex

秋意漸濃，寒暑更迭，校園新貌幾近現於眼前——崇基學生發展綜合大樓將於日內竣工，於學院成立七十一週年之時投入服務，為新世代崇基師生提供更寬廣而完善的室內活動空間。

雙子樓依地勢而建

新大樓建於兩幢原教職員宿舍的舊址，橫跨一幅斜坡。有見及此，早於大樓的構思階段，學院和建築師已想到利用雙子樓設計，以一條天橋連接兩座主樓來改劣為優，克服和善用地勢之餘，更將崇基校園與大學本部接通，搖身一變成為山城人的新捷徑。

低座連接龐萬倫學生中心

綜合大樓分為高、低兩座，地勢較低、連接大學龐萬倫學生中心天台的是低座，將命名為「龔約翰學生中心」，設有音樂室和樂隊室，承蒙柏斯音樂捐贈樂器，可供崇基同學個別使用；又設有屬會室和活動室等，供學生組織籌備和商討校園活動，並可作展覽之用。大樓其中一層為「圓宇宙」，將用作提昇同學心靈健康及靈性修為的空間。

悠然休閒空間

除此之外，學院又為同學預備多處學生共享空間，名為「休閒角」，遍布龔約翰學生中心各樓層，適合同學聚會談天、自修或與同儕共商課業、激發創

In October we celebrate. The breeze, the founding of the Chung Chi College, and what's more for this year, the inauguration of the Chung Chi Student Development Complex. Soon after the celebration of the 71st Anniversary of Chung Chi, the new Complex will be opened for Chung Chi-ers to enjoy a more fabulous school life in extensive and fully-equipped learning and activity spaces.

Twin Block Blends with Landscape

Leveraging the sites where two demolished Staff Quarters Blocks located, the Student Development Complex stands on the hillside of the Chung Chi campus. As a result, a twin block design was adopted by architects and the College so that the establishment can fully fit into the steep slope between the two sites. A double-deck footbridge joins the two blocks, thus further connecting the campus of Chung Chi and the University, saving pedestrians' much time.

Low Block Connects Pommerenke Student Centre

The Chung Chi-end of such shortcut begins with the roof of Pommerenke Student Centre where the Complex's Low Block, or the Kunkle Student Centre, locates. Named after The Rev. Dr. John Stewart Kunkle, this newly constructed Kunkle Student Centre has music rooms and a band room equipped with music instruments generously donated by

連接高低兩座主樓的雙層行人天橋，讓途人能駐足欣賞崇基校園的山下景色。

The double-deck footbridge joining the two blocks allows pedestrians to immerse themselves in free-flowing air, tranquility, and the landscape of Chung Chi.

意。至於學生中心的頂樓天台，設計匠心獨運，以「摘星閣」和「洽蕙園」為重點，有著開揚的景觀，使人心曠神怡，讓崇基師生從繁重的教務和課業中，重拾喘息的空間。

回到龔約翰學生中心的中層，是連接高低兩座主樓的雙層行人天橋所在。天橋未有配上工整的牆身，反而使空氣得以流通，又能教途人駐足欣賞崇基校園的山下景色，更見建築師的巧思。

高座設多元設施及全新宿舍

穿過天橋，便是高座「梁鳳儀樓」的範圍。梁鳳儀樓設有李福和朱美琳劇院、健身中心和瑜伽天地，與低座的中、小型學生設施相互補足。

位於梁鳳儀樓的「李福和朱美琳劇院」，是高座的焦點所在。它是崇基首個以戲劇表演為主要用途的學生設施，既可以供崇基劇社等學生團體使用，又可邀請校外表演團體到校演出。黑盒劇場的設計，使不同表演團體可以按其需要，為劇院靈活布置。劇院旁是崇基為師生新設的健身中心和瑜伽天地。兩者以崇基師生的身心健康為依歸，而且地點鄰近各幢學生和教職員宿舍，讓師生均可於課餘時間鍛煉體魄、舒展身心。

Parsons Music to Chung Chi students; as well as society rooms for student bodies to discuss and plan non-formal education activities, and activity rooms for various events and exhibitions. One of the floors will be “Space Ad Excellentiam”, a space for students’ mental health and spirituality enhancement.

Cozy Spaces for Relaxation

Apart from those walled features, open areas named Leisure Corners are also available all over the Centre for students to mingle, study, and prepare for collaborative projects and brainstorm new ideas. Meanwhile, at the roof of Kunkle Student Centre, the Starry Lounge and Hop Wai Garden allow staff members and students to observe the scenic view of the campus and Ma Liu Shui so as to relax and soothe themselves from hectic routines.

A few floors down the roof of Kunkle Student Centre is the double-deck footbridge joining the two blocks. Similar to the Leisure Corners, the footbridge has been liberated by architects from walled structures so that pedestrians could immerse themselves in free-flowing air, tranquility, and the landscape of Chung Chi, as if they were in a placid forest.

空間廣闊的活動室可供多種類型的活動和展覽之用。

The spacious activity room is a perfect place for various kinds of activities and exhibitions.

最後，已拆卸的原教職員宿舍，亦會以全新型式於梁鳳儀樓重現。梁鳳儀樓一至四樓將設有面積由三百五十至八百平方呎不等，適合單人入住的開放式單位，與切合家庭需要的中型單位，可供崇基教職員申請租住，以便投入晚間和週末的校園生活。除此之外，學院亦會安排少量開放式單位，邀請崇基的訪問學人、傑出校友等入住，與學院師生作短期交流，促進校園內的學術氛圍。

這一系列嶄新崇基師生設施，將於校慶日綜合大樓啟用典禮後，陸續供師生使用，大家亦可發掘更多大樓的設計巧思。崇基與您，將攜手邁步，為學院發展譜寫全新樂章！

無私奉獻 成就全人

龔約翰學生中心 紀念龔約翰牧師伉儷

龔約翰牧師（一八八〇—一九四八）與夫人美智貽博士（一八七八—一九七三）同為美國長老會傳教士，獲差華南事奉，在華期間曾居沙田「小道風山」。二人退休返美後，將該地業權全數撥歸龐萬倫牧師夫婦。後龔約翰牧師逝世，龐萬倫牧師徵得美智貽博士同意，將小道風山地段悉數贈予崇基學院作發展用途，學院亦得以成立儲備基金，鞏固校園發展基礎。

Diverse Facilities in High Block

Getting through the connecting footbridge, we now enter the High Block, or the Leung Fung Yee Building of the Complex. Unlike the Student Centre, the Leung Fung Yee Building serves as a multi-functional facility to create the dynamics of Chung Chi-ers through various components, including a theatre, a fitness centre and a yoga studio, and staff quarters and studio flats.

The Theatre, named Fook Wo and Laura Jee Li Theatre, is the unexampled theatrical facility in the campus, available for Chung Chi students, groups like the Drama Society, and College’s invited performers. This is an innovative black box theatre which can cater for various needs of performers and its audiences. Next to the Theatre, here comes another unprecedented facility exclusively reserved for Chung Chi-ers, the fitness centre and yoga studio. Soon staff members and students of Chung Chi may utilise this new facility to enhance their physical and mental well-being.

李福和朱美琳劇院正裝設內部設施，劇院為黑盒劇場設計，切合不同演出的需要。

Kunkle Student Centre

Named after The Rev. Dr. John Stewart Kunkle & Dr. Julia Mitchell Kunkle

The Rev. Dr. John Stewart Kunkle (1880-1948) and his spouse, Dr. Julia Mitchell Kunkle (1878-1973), both commissioned to South China by United Presbyterian Church (UPC) of the United States (US), once resided at Little Tao Fong Shan in Shatin while serving in China. After retirement the couple returned to the US and fully vested the title of their land to The Rev. and Mrs. Herbert Pommerenke. Having consented by Mrs. Kunkle, The Rev. Pommerenke donated, after the decease of The Rev. Dr. Kunkle, the lot at Little Tao Fong Shan to Chung Chi College for land development. Ever since the donation, a reserve fund has been made available for the College to foster education and campus development.

Dr. Leung is also well established in the commercial sector, where she has been awarded one of China's 100 Outstanding Female Entrepreneurs, and one of The 10 Outstanding Entrepreneurs Awards by Capital Entrepreneur. For years, Dr. Leung has given unwavering support and substantial donation to the College for its development.

點滴關懷情永繫

有賴創校先賢默默耕耘，以及各方人士不懈支持，崇基校園得以發展至今天之規模。學院謹此向所有崇基學生發展綜合大樓的捐助者鳴謝，其中捐款達港幣三十萬元者，可獲學院安排於綜合大樓內個別房間或設施，設置刻有勵志箴言或人生雋語之銘謝牌匾；捐款達港幣十萬元者，名字亦將銘刻在龔約翰學生中心大堂的鳴謝牌匾上。

此外，學院於二〇一八年發起「瓦夢籌款運動」，崇基人和社會賢達凡已捐助大樓項目每滿港幣一萬元，可獲鑄名於龔約翰學生中心中庭馬賽克牆上的一枚瓦片。逾二萬枚瓦片匯聚，將拼湊出牆上的崇基地標「崇基牌樓」和馬鞍山嵯峨景色。此畫由學院邀得世界著名書畫藝術家、崇基校友靳杰強博士（一九六六/物理）所繪，如今以眾志成城之姿，化為樓高三層的巨大壁畫，永誌紀念。

Cherishing the Joint Effort of All

Thanks to our founders and friends for their endless endeavour, Chung Chi has evolved and advanced to a modernised College. We sincerely acknowledge all donors of the Student Development Complex project, and shall particularly arrange for each donor whoever has contributed not less than HK\$300,000 a plaque to be placed in a designated room or facility in the Complex. Proverbs or mottoes shall be engraved on every plaque as a token of gratitude. For supporters who have donated HK\$100,000 or above, their names will be carved on the acknowledgement plaque in the atrium of the Kunkle Student Centre.

Another way of acknowledgement is made, as the College launched the "Kilo-Tile Dream" Fundraising Campaign in 2018, to donors whoever have contributed HK\$10,000 or more to the Project. Under the Campaign, donors are entitled to designate a name for every donation of HK\$10,000 to be engraved on a tile of the Kunkle Student Centre mosaic wall, on which the artwork of Dr. Kan Kit Keung (1966/ Physics), a Chung Chi alumnus famous for his Chinese calligraphy and painting across the globe, is being exhibited. So altogether over 20,000 tiles, each acknowledging a donor of the Project, shall not only reassemble a three-storey painting portraying Chung Chi Gate, a College landmark, and the breath-taking view of Ma On Shan, but also thankfully the legacy of all's effort to bring the Student Development Complex to the reality.

近三年的疫情，昔日多姿多彩的校園生活和活動近乎停頓，防疫封關的措施亦使同學無法往常到外地作交換生。面對大學生涯快將完結，社會工作系應屆畢業生周嘉儀校友、蘇崇天校友，以及中醫學院五年級的卓學帆同學不甘自困，決定走出香港。他們得到學院的「遊歷學習計劃」資助，參加了津巴布韋的犀牛保育義工活動。除可親身接觸大自然之外，亦使他們對生活與人生有所反思。

問：是什麼原因促使你們展開這趟旅程？

當大學生活即將步入尾聲，回顧過去幾年點滴，稍嫌覺得空洞。本應精彩的大學生活在疫情的陰霾下被迫停擺。留學、交流等數之不盡的活動在疫情管控下全部取消，我們只能透過熒幕互動交流。當時

The almost three-year-long coronavirus pandemic has nearly called a halt to all fabulous campus life and events. The anti-pandemic lockdown measures deterred students from travelling overseas to take part in exchange programmes as usual. Chow Ka Yee and So Sung Tin, Chung Chi alumni; and Cheuk Hok Fan, a fifth-year Chung Chi-er majoring in Chinese Medicine, never compromise on being stuck in the city and decided to fly abroad to embark on an exciting expedition. They were sponsored by Chung Chi's "FLY Award" for participating in a rhino conservation volunteer programme in Zimbabwe. Apart from getting closer to nature, the trio also had a chance to reflect on their routines and lives.

受訪者實現了自小至今與野生犀牛接觸的夢想
The interviewees have realised the dream of getting close to wild rhinos.

內心忽爾萌生要在最後時刻達成什麼、做些甚麼事的念頭。我們決定在學習生涯最後一段的自由時光，到異國散散心，不想大學生涯空白得只剩網上課程，亦暫時不想面對求職困境。抱著這懵懂的想法，我們便上網探索各種可能性，然後找到了津巴布韋的犀牛保育義工活動。自幼醉心犀牛、大象等龐然大物，加上被非洲大陸那蒼茫原始又充滿野性的面貌吸引，我們最終選擇前往津巴布韋，展開這項饒富意義的義工活動。

問：在旅程中令你印象難忘的是甚麼？

在津巴布韋的經歷實在是太多太太好了，無法一一細述。不論是當地的風土人情，還是毫無污染的大自然，都讓回來後的我們縈繞心頭，時刻回味。而當中最深刻的，或許是我們與大自然之間的關係與互動。在香港，我們甚少有機會能夠接觸大自然及野生動物。而在津巴布韋，許多我們所用的東西都是取於大自然，如修補圍欄的木材、每日所吃的農作物、所居住的木屋等。我們不再以凌駕的姿態對待大自然，而是學會如何謙卑自己去尊重大自然，與一草一木及不同動物「共存」。我們看到當地人回收掉落在地上的碎木材用作壁爐燃料，反映他們珍視大自然所給予的資源；亦看到他們拾起地上的垃圾，反映他們愛護環境。回到香港，自己又會想，在這個發展完善的土地，我們又可以做些甚麼去保護環境呢？

問：這趟旅程為你們帶來甚麼正面影響？

過去三年，面對香港發生的種種事件，大概對未來沒有甚麼期望與憧憬，每天只是營營役役的過活。但旅程結束和畢業後，便開始認真地問自己：「你未來人生想要做甚麼？」在香港刻板的教育制度下，這條問題通常會令人套入生涯規劃導向的思維模式，從而會自問：想從事甚麼工作？然而，當有機會在津巴布韋體驗另一種生活方式時，我們便提醒自己，不一定要走一條大部分香港人會走的典型道路——為一份穩定工作而拼搏，因而也開始反思：人生想做什麼？這條問題不應純粹指工作，而是「希望過怎樣的人生」。因為人一生所追求的，又何嘗單憑一份工作、一個崗位或一間公司就能滿足？談及人生想做的事，怎能只憑一份工作狹窄地定義？所以我們暫時打算先在香港工作數年，期望未來再有機會出走，探索世界之大、自然之美。

Q: Why did you aspire to embark on this journey?

Looking back on the past few years of our university life (U-life), we feel a little empty. Under the haze of the epidemic, the wonderful city was locked down, and so was our U-life. Countless activities like exchange programmes were all suspended under the pandemic control. All we can do was interact with one another through screens. Therefore, the idea of doing something special at the last moment suddenly arose. Maybe just going abroad and relaxing before the end of our carefree schooldays was what we had been craving for so long. We ended up exploring various possibilities with such a vague idea, and found a rhino conservation volunteer programme in Zimbabwe. Being fascinated by large creatures such as rhinos and elephants, and attracted to Africa's vastness, primitiveness, and wildness, we finally chose to travel to Zimbabwe to take part in such a meaningful voluntary activity.

Q: What was the most memorable part of the journey?

The experience in Zimbabwe is too blissful and wonderful that we could hardly mention all in the sharing. Not only the local culture and people but also the uncontaminated nature have made us always miss the place after we have come back to Hong Kong. Perhaps the most memorable part is our relationship and interaction with nature. In Hong Kong, we rarely have an opportunity to get close to nature and wild animals. In Zimbabwe, on the contrary, most of the things we used were taken from nature, such as the wood used to repair the fence, the crops we ate every day, the wooden houses we lived in, and so on. We no longer treat nature with an attitude of superiority but have learned how to humble ourselves to respect nature and "coexist" with plants, trees, and different animals. We observed how local people cherish natural resources by reusing scrap wood as fireplace fuel, and how they cherish the environment by picking up every piece of garbage on the ground. After we have been back to Hong Kong, we started to think of what we can do to protect the environment on this well-developed land.

Q: What is the positive impact of this journey on you?

Having observed what happened in Hong Kong in the past three years, perhaps we did not have any expectations or visions for the future. We just succumbed to everydayness. However, after the journey and graduation, we began to ask ourselves seriously, "What do we want to do in the future?" Under the stereotypical education system in Hong Kong, this question usually triggers us to adopt a life-planning-oriented thinking mode, that is, asking ourselves what career path we aspire to pursue. However, when there was a chance to experience another way of life in Zimbabwe, we reminded ourselves that we don't have to follow the most typical path in Hong Kong by striving hard to secure a stable job. Therefore, we started to question ourselves, "What do I want to do in my life?" It should not be merely a job, but also "the way of life we desire". An individual's aspiration cannot simply be fulfilled by a job, a position or a company. When it comes to what you want to do in your life, how can it be narrowly defined by a job? For the time being, we plan to work in Hong Kong for a few years, in the hope of going out and exploring the vastness of the world and the beauty of nature in the future.

The Ring of One

A path is there to join the College Chapel with another - the new Chapel of Divinity School. This Chinese-styled, green-tiled Chapel was on the roof of President Yung Chi Tung Memorial Building. Entering this "new" Chapel, which was in fact built over ten years ago, overhead you will see the Ring of One, behind which there are 12 pillars substantially joining to support the ceiling of the Chapel, as if the Twelve Apostles joined the Christ as one. The pillars are distinctive from each other, yet united as one, and so are our beliefs, which appear traditionally diverse yet ecumenical. Here at the Divinity School, we unite as a whole but cherish our individuality. I have you and you have me. It is our belief that everyone is an integral part of the truth, and no one can be the only one. Yet everyone's unique insight is worth appreciating. The Ring of One does remind us, remind everyone of us, to be one, and to embrace the diversity of each other. Why not take a break from our hectic school life? A tranquil journey to the new Chapel, perhaps also to yourself, awaits you.

合一環

崇基禮拜堂外，沿著清幽小徑步行，就會發現設有中國式瓦頂的崇基神學院新聖堂，座落於容啟東校長紀念樓的最頂端。所言「新」，其實已有十年歷史。進入聖堂抬頭一看，就會看到這個合一環，環的背後透視著由十二根柱子支撐的屋頂，而這十二根柱子連接著耶穌基督十二位使徒的標記，正好表現出不同的使徒那種獨特又一體，散發著信仰那份既多元又合一的傳統。合一環，就是要展現出這種在基督內的和而不同，合一非一，你中有我，我中有你。因我們深信，每個人也是真理的一部分，沒有所謂獨大、獨一的理解，但獨到的創見卻是值得欣賞。合一環，正提醒我們，不論我們是誰，要竭力追求合一，學習彼此共融。願你在繁忙的學校生活中，前來享受靜思的空間。

啟真道與崇基

崇基學院行政樓校董會會議室以先賢啟真道博士 (Leslie Gifford Kilborn 1895 - 1972) 命名。他一家與中國淵源甚深，父親啟爾德 (Omar Leslie Kilborn 1867 - 1920) 和母親啟希賢 (Retta Gifford Kilborn 1864 - 1942) 都是晚清來華的加拿大醫療宣教士。啟真道在四川出生和成長，後來於加拿大多倫多大學取得醫學博士學位。父親逝世後，他克紹箕裘，重返成都，於華西協合大學工作逾三十年，先後擔任生理系主任、醫學院院長、牙醫總院院長，其女兒也曾於該校醫院當護士，一家三代皆為該校服務。

一九五二年，啟真道南下香江，獲香港大學聘為生理學教授，其後更獲任命為醫學院院長。基於在教會大學的經歷，他於一九五三年加入成為崇基校董會成員，又於一九五五至六〇年出任校董會主席，協助學院制定憲程及規例，與政府商討爭取補助。啟氏於港大退休後，一九六〇年來崇基出任副校長，主持校內教務之餘，更兼負籌款工作。雖然理科出身，他卻參與崇基校刊編輯工作，還曾代理圖書館館長。

一九六三年，啟真道正式榮休，他過往華西大學的朋友，特別籌集了港幣一萬元，用以資助崇基會議室作裝修費用，「啟真道室」即紀念啟氏一家三代幾十年來對中國之奉獻及啟氏對崇基的功勞。

Leslie Gifford Kilborn and Chung Chi

The Kilborn Room in the Chung Chi College Administrative Building is named after our College Co-Founder Dr. Leslie Gifford Kilborn (1895-1967). His family had a long association with China. His father, Omar Leslie Kilborn (1867-1920), and his mother, Retta Gifford Kilborn (1864-1942), were Canadian medical missionaries who had embarked on missionary work in China since the late Qing Dynasty. Dr. Leslie Gifford Kilborn was born and brought up in Sichuan. Later, he obtained an M.D. degree and a Ph.D degree from the University of Toronto in Canada. After the death of Omar Leslie Kilborn, he decided to succeed his father as a medical professional in China. Therefore, he returned to Chengdu and had worked at the West China Union University for more than three decades, serving as the Head of the Department of Physiology, the Dean of the Faculty of Medicine, and the Director of the College Medicine and Dentistry. His daughter was also a nurse at the University Hospital. It just so happens that the three generations of his family served in the University.

In 1952, Dr. Kilborn moved to Hong Kong, and was hired as the Professor of Physiology and later appointed as the Dean of the Faculty of Medicine at the University of Hong Kong. Based on his extensive work experience in a Christian university in China, he became a member of the Board of Governors of Chung Chi College. He was the Chairman of the Board from 1955 to 1960, responsible for drafting the Constitution and regulations of the College. He dedicated his efforts to striving for College subsidisation by liaising with the Government. After stepping down from his position at the University of Hong Kong in 1960, he accepted the appointment as the Vice President of Chung Chi College, where he was in charge of administration and fundraising. Although he was a science scholar, he took up the editorial work of the Chung Chi Bulletin, and even used to be an Acting Librarian of the College.

Dr. Kilborn retired in 1963. His friend from the West China Union University donated about ten thousand Hong Kong dollars to sponsor the furnishings of the conference room of the College for commemorating his family's dedication to China and his contributions to Chung Chi.
